

Kim Valler, West Midlands

"As soon as we walked into the show home I just fell in love with it, particularly the kitchen/breakfast room.

We have now been here for just over a month and are really happy, the children are so settled and it feels like a fresh start. The Banner Homes team have been second to none in helping us with our move."

Claire and Gavin Rowley, West Sussex

"The Sales Advisor at the development has been a star. She has been very helpful throughout the purchasing procedure. She has maintained regular dialogue with us ensuring that we are kept up to speed with progress of our home and helped us when it came down to the more 'nitty gritty' aspects."

James Charlesworth, Surrey

"We visited the development one day and I took a look at nearly all the apartments. I was very impressed with the quality of the apartments and decided that this was the right move to make and I am very pleased I did."

Enjoy a hassle-free move with Banner Homes.

Clive and Teresa Vaughan, East Sussex

"We are so thrilled with our new home. To make the purchasing process simpler, we opted to use the Premiere Part Exchange Scheme which meant that we didn't have to worry about selling our existing property. In the middle of the completion period, business took me to Australia but under the brilliant direction of the Banner sales team, the whole process was wrapped up in six weeks and couldn't have gone smoother. The scheme gave us the security we needed to get the home we wanted before it was snapped up by someone else."

Chris and Debbie Beling, Surrey

"I run my own software company so, being self employed, I wasn't sure if we would be in a position to move. However Banner Homes

was extremely helpful which meant the whole process was quick and painless. We are so pleased we made this move earlier than planned as we are now able to start married life in a brand new home with our children."

Anna and Nathan Walter-Howe, Bucks

"We are both really busy at work so when we have downtime we like to relax; the thought of having to get stuck into DIY in our free time did not appeal. It is great to move into a new home straight away without having to worry about setting it up; purchasing new build just makes everything so much easier. We are really happy to have purchased a Banner property as our first home together as both the location and the layout are perfect for us. We are looking forward to many happy years in our new home."

Roger and Glynis Hopgood, Hants

"With new homes there are fewer things to worry about, for example the property's structure and its general maintenance.

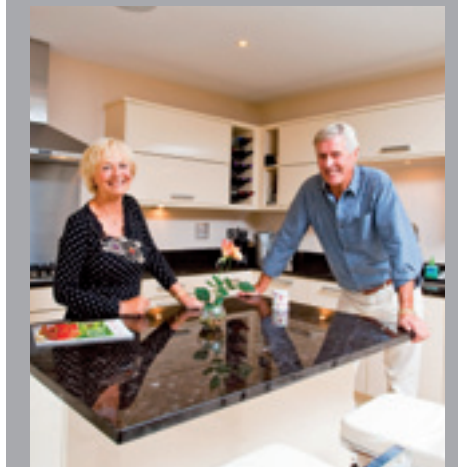

Banner's Chain Maker Scheme has meant we haven't had to worry about chains, interrogating house viewings or lengthy selling time. In fact, the whole process has taken six weeks and has been a simple, stress-free experience."

Steve and Julie Surman, Hants

"The decision to downsize was a huge step for us but we are glad that we made the move. The moving process with Banner was straight forward and we are now enjoying our new home complete with its great views."

An independent customer satisfaction survey revealed that 97%* of purchasers would recommend Banner Homes to a friend.

John and Angie Adey, Bucks

"...our estate agent lined up a day of five viewings and Banner Homes' Ellington Gate happened to be the first. As soon as we visited the development, we immediately fell in love with one of the homes and consequently cancelled the rest of our viewings for that day. It was that home that we wanted."
