Rosemount Point appealed to me from an investment point of view because Woking, in my opinion, has been over-developed and professional people who would be commuting to London would want more of a 'village feel' but still have train access... I have been able to rent the apartment immediately.

The idea of a new build home greatly appealed to us as we do not have the necessary time to complete DIY nor the money needed to maintain an older home. The quality of the materials was second to none and I love the doors used throughout the apartment...it was the best new build property we had seen.

When we stepped into the apartment we were instantly struck by the quality and design. Quite frankly, the close proximity to the station, combined with the type of home on offer seemed a winning combination.

Mr & Mrs Huldal

I had not really considered an apartment but when I came to see the development I was very impressed by the standard of workmanship and the attention to detail. West Byfleet has an excellent train service and is near to the A3 and M25.... We cannot wait to move in.

The sales team were always welcoming and happy to help and the sales process was professionally managed. We are very happy with our new home and would recommend a Banner Homes development.

For the past 40 years James Charlesworth lived in a 4 bedroom property in New Haw, complete with a beautiful garden. He began to find the upkeep (especially the garden) too much and he decided to purchase a two bedroom apartment on the 1st floor. It has the benefit of big double french doors and juliette balcony to the living room with a sunny south facing aspect.

James Charlesworth

The apartments are beautiful and the quality of design is very good and I loved the large living room. It just seemed to fit us perfectly. We are extremely settled and happy in our new home and have everything to hand.

Mr & Mrs Stuart

We had not considered buying an investment property in the village until we saw the Banner Homes development at Rosemount Point. We love the position, the facilities locally and the variety of restaurants within a stone's throw. We feel it is the perfect place for anyone young or old, with or without family to live.

I have loved working at Rosemount Point and have had the pleasure of helping clients choose the right apartment which reflects their particular life style, especially as there are a variety of layouts on the development.
